## **Ansaldo Green Tech, Vittorio Olcese new CEO**

Ansaldo Green Tech shareholders' meeting appointed the new Board of Directors of Ansaldo Green Tech, a company controlled by Ansaldo Energia Group. Vittorio Olcese is the new CEO.

In addition to Vittorio Olcese, the Council also includes Simone Di Felice, Daniela Gentile, Marco Grillo and Lorenza Franca Franzino, in the role of President.

Graduated in Mechanical Engineering, Vittorio Olcese started his career in the energy industry at GE Oil & Gas in Italy, where he covered various positions in gas turbine research and development and product management. In 2002 he obtained a Master in Business Administration from SDA Bocconi in Milan. In 2005 he joined Ansaldo Energia in the Marketing and Business Development department; later, he took on various roles of growing responsibility within the company, such as Head of Management Control, Senior Vice President of Marketing and Business Development and Senior Vice President of New Units Sales. In 2022 he joined Ansaldo Green Tech to support new business initiatives.

Ansaldo Green Tech, founded in 2021, is a company fully owned by Ansaldo Energia and provides innovative products and solutions to support the energy transition.

The Ansaldo Energia Group, international leader in the field of power generation and key player of the energy transition, is a company controlled by CDP Equity, Gruppo Cassa Depositi e Prestiti.
