POSITIVE MARKET, GROWING ORDERS AND GROWING OPPORTUNITIES: ANSALDO ENERGIA MEETS ITS SUPPLY CHAIN

Over 140 companies represented, most of them based in Liguria, Lombardy, Piedmont and Veneto: Vendors' Day 2025, held on Thursday 27 November at Ansaldo Energia's headquarters, was an opportunity to meet the Group's main suppliers. Topics included Ansaldo Energia's positive market outlook, the increase in orders across all business units, the opportunities for the Italian power generation supply chain, and initiatives related to ESG issues.

In addition to Ansaldo Energia's Chief Executive Officer, Fabrizio Fabbri, speakers included the Group's Vice President Procurement, Gianluca Pellizzari, the Senior Vice President Public Affairs and Institutional Relations, Andrea Benveduti, the Executive Vice President Thermal New Units, Stefano Gianatti, and the Chief Sustainability Officer, Irma Belardi.

"Vendors' Day is a key event to strengthen Ansaldo Energia's partnership with our supply chain, which in Italy accounts for more than 10,000 jobs in addition to the approximately 2,600 within our Group. Innovation and collaboration are fundamental levers for seizing growth opportunities together and consolidating the role of the Italian supply chain in the global power generation sector," commented Gianluca Pellizzari, Vice President Procurement of the Ansaldo Energia Group.

Guests at the event included Carolina Lonetti, Chief Export and Soft Loans Officer at SIMEST, who presented the opportunities offered by the company to support the internationalisation of SMEs; Francesco Micheletti, Vice President Supplier Management, Development and Digitalization at Fincantieri, who illustrated initiatives aimed at developing the skills of the supply chain; and Anna Zanuttini, Secretary General of Fondazione Gaslininsieme, who presented the New Gaslini Hospital project, the Foundation's initiatives in support of the paediatric institute, and opportunities for companies to get involved.

The Ansaldo Energia Group, international leader in the field of power generation and key player in the field of energy security and transition, is a company controlled by CDP Equity, Gruppo Cassa Depositi e Prestiti.
